

How to find us

By car

Muellheim is located between Freiburg and Basel. Leaving the motorway A5, take the exit Muellheim/Neuenburg.

From the exit, follow the direction Neuenburg (to the left) on the B378 and turn then right onto the "Schlüsselstraße" also called "Müllheim Straße" or K4946, which leads you through Neuenburg center.

Before the first buildings of the Muellheim industrial area, turn left into the "Neuenburger Straße". From there, the way to Micrometal administration (in DORNER Building) and to the production/logistics is marked.

By train

From Karlsruhe, take a train to Freiburg and use the regional train to Muellheim. From Basel, take a train to Freiburg and then to Muellheim (it may be possible to go directly to Muellheim).

Micrometal is located within 5 min walking distance from the train station.

At Muellheim train station, use the pedestrian underpass to the west side and walk along the road „Neuenburger Straße“. The Micrometal administration is located in the DORNER Building, which you will find after 300 m on the right side (entrance Westside).

If you wish, we can pick you up at the station.
